Unit 721 7F Globe Telecom Plaza II, Pioneer Highlands Condo, Pioneer Street, Barangka Ilaya, Mandaluyong City 1550 Philippines

Vision

To be the leading partner in filtration anchored on technical competence, financial independence, organizational efficiency and social responsibility.

Mission

To provide efficient filtration solutions at a level that exceeds customer expectations.

Core Values

Leadership
Excellence
Teamwork
Integrity in all dealings with customers and suppliers
Profit as a driver of company growth
Social responsibility
Product innovation and diversification
Customer service

Company Background

Bag Filter Dust Collectors

Filter Bags For Liquid Filtration

Filter Bags, Filter Cages, & Cartridges

Airslide Canvass

Goyen/Mecair Valves & Cleaning Systems

Fuse Welding Machine

Bag Cages

Filter Press

Cooling Tower

Reitz Fan

Pulse Jet Cleaning System

KC Cottrell Electrostatic Precipitator

Structural Erection Works

NFF was organized in August 1993, used to be a division of Network Trading (Phils.) Inc., the company became one of the leading providers of engineering solutions to filtration and emission problems for major industries in the Philippine market. With its strong links to world renowned manufacturers of filtration products both in wet and dry applications, its position in the market has certainly been clearly defined. Manufactured products such as Bag Filter Dust Collectors, Filter Bags, Cages and Accessories, Filter Cloths, Micron Rated Filters, Air Filters, and Airslide Canvas

Covering basically the entire manufacturing industries NFF added to its product lines the following related traded products such as Pluspoint Filter Press and Klinkau Plates, Cooling Towers, Ecofine Pressure Vessels, Reitz Fans, KC Cottrell Electro Static Precipitator and spare parts, Goyen and Mecair Dust Collector Cleaning System Components, Emission Monitors and Gas Analyzers are supplied to the following industries:

- Cement
- Steel
- Chemical
- Sugar
- Coconut Oil
- Pharmaceutical
- Petroleum and Petrochemical
- Flour Milling
- Food and Beverage
- Power
- Wood Processing
- Battery Recycling
- Hospital
- Rice Milling
- Semiconductor
- Waste Water
- Paper
- OEM

In 2006, NFF strengthened its engineering and construction capability by acquiring heavy equipment and venturing on bigger construction projects in power industry for the installations of Electrostatic Precipitators, electro-mechanical equipment and other Steel Structures. PCAB License No. 36936 was first issued on August 22, 2013 for Principal Classification "Mechanical Work" and other Classifications "Structural Steel Work, Painting Work, Metal Roofing & Siding Installation, and Structural Demolition" with Category "A".

Affiliated Companies

NFF Packaging Solutions Corporation (NFFPSC) - was incorporated in October 6, 2017. The company became one of the leading providers of engineering solutions to packaging for major industries in the Philippine market.

NFFPSC is focused with the manufacturing and distribution of Flexible Intermediate Bulk Container Bags (FIBCs) and Sling for customers handling powders and bulk products. Also added Stretch Wrapping Machines and FIBC unloader system.

NETPAK Philippines, Inc. (NETPAK) - was incorporated in February 1992. It is engaged in the distribution of packaging consumables and started setting up their manufacturing line for aluminum caps in January 1997. NETPAK supplies leading companies in the food, pharmaceutical and agro-chemical industries with aluminum pilfer proof caps, aluminum collapsible tubes, metal lug caps and child-resistant closures.

NTPI International, Inc. (NTPI) - was incorporated in December 29, 1993. It has remained a trading company, mainly dealing with mills, industrial supplies, machinery parts and equipment. Until January 1997 when it acquired the roller manufacturing business of CNP Industries, Inc. Its main products are chains, conveyor belt, rollers, valves, gear motors and reducers.

In 2008, NTPI acquired our sister company, Extended Steel FE Inc. It is engaged in the design, engineering, manufacturing and construction of steel structures, electrostatic precipitators, conveying systems, equipment shelters, and bucket elevators.

Product Lines

Services

FILTRATION EQUIPMENT

- NFF Bag Filter Pulse Jet Dust Collectors
- KC COTTRELL Electrostatic Precipitators
- GOYEN Dust Collector Cleaning System
- GOYEN Gas Analyzers and Emission Monitors
- MECAIR Dust Collector Cleaning System
- PLUS POINT Filter Press
- KLINKAU Filter Press Plates
- Pressure Vessels

WET FILTRATION PRODUCTS

- NFF Filter Cloths
- NFF Micron Rated Bag Filters

OTHER PRODUCTS

- Airslide Canvas
- Cooling Tower
- Boiler Tubes
- AIRSWEEP Material Activation System
- REITZ Centrifugal Fan
- HEXA Septic Treatment Plant
- Fog Cannon
- FIBC Bulk Bag | Jumbo Bag
- NFF Warehouse Building System

DUST COLLECTOR ACCESSORIES

- NFF Filter Bags
- NFF Pleated Cartridges
- NFF Filter Cages
- GOYEN Diaphragm and Solenoid Valves
- MECAIR Diaphragm and Solenoid Valves
- NFF Rotary and Double Flap Valves
- REITZ Centrifugal Fans

AIR FILTRATION PRODUCTS

- Roll Filter Media
- Paint Booth Filters
- Pleated Pre-Filters
- Medium and High Efficiency Rigid Filters
- Medium and High Efficiency Extended Surface Filters
- Metal Washable Air and Grease Filters
- HEPA and 95% DOP Filters
- Cleanroom HEPA / ULPA Terminal Modules
- Gas Phase and Odor Control
- Framing System and Holding Frames
- UV Lamps for HVAC System

ENGINEERING CAPABILITIES

- Survey and System Audit
 - Air flow testing and measurement
 - System analysis
 - Leak detection testing
 - Duct design and balancing
- Pulse Jet Cleaning Design
- Fabrication Works and Pre-assembly
- Erection and Retrofitting
- Installation Supervision and Commissioning Assistance
- Dust Collector Monitoring and Maintenance
 - Bag replacement
 - Spare parts consignment
 - Preventive maintenance
- Modification and Upgrade
- Seminar on Dust Collector Operation and Maintenance
- Mechanical and Structural Erection Works

SUPPLY AND CONSIGNMENT CONTRACT

- Filter Bags
- Filter Cages
- Airslide Canvas
